CLARESHOLM LOCAL NEWS

Mrs. T. Bernard is enjoying a week's visit from her mother, who lives in Regina.

Morley Tiltson was taken to the hospital at Calgary on Monday morning, for an operation.

Mrs. McKinney M.L.A. leaves next Monday to attend the Provincial Legislature, which convenes on the 17th.

At a meeting of the Agricultural Society in the Parish Hall last Saturday R. K. Peck was elected secretary of the society for the coming year.

On Sunday the 22nd in connection with the anniversary services of the Methodist church Rev. Dr. Bland of Calgary will preach morning and evening.

Stavely and Clareholm played a good game of hockey here on Thursday, resulting in a score of 3 to 0 in favor of Clareholm. K. P. Simpson refereed the game.

"Blind Husbands," bigger than the Heart of Humanity, plays Calgary first time on February 9th; will be in Clareholm, at the Rex at an early date. Watch the Calgary papers.

Government Will Furnish Seed

The following letter has been received from J. D. Smith, Superintendent of the Seed and Weed Branch, Department of Agriculture, Edmonton:

Dear Sir:—In reply to your letter of recent date re seed grain through drought last year on the following plan: The Dominion Department of Agriculture will furnish seed to homesteaders who have not secured patent to their lands, and the Provincial Department to those who hold patent to land, taking in each case a lien on the land on which seed is sown. Agents of the Provincial Government will take the

applications for both Provincial and Dominion advances, and will be sent to the principal points in the various districts which require assistance, remaining at such points a sufficient time to enable all who wish to meet them. Notice will be given through the local papers of the time when agents will begin work. No application forms will be sent out in advance, but persons who require assistance can write direct to the Seed and Weed Branch, Department of Agriculture, Edmonton, giving the correct description of their land, the amount of seed required, and stating whether they hold patents or are homesteaders. If renters or those holding land on agreement of sale, the owner of the land must either sign the lien or give the person who receives the seed a power of attorney to sign in his stead. Such power of attorney form will be sent on request to those needing same.

Persons needing seed who can buy in their own locality should make arrangements to do so, and orders will be given to the persons they buy from in payment of same, but no orders will be given until all necessary papers are properly completed by the agents of the Department. In Municipal Districts the work of distribution will be entirely in the hands of the Municipal officers and all applications or requests should be sent direct to them. The Provincial Department will only act in the unorganized districts. Persons farming on land purchased from the Canadian Pacific Railway Company, who do not hold patent to their land should apply to the said Company for their seed requirements.

Yours truly,

J. D. Smith,

Superintendent.

The Function of the Agricultural College

The services that may be performed by the agricultural colleges of Canada, Agricultural College of a sound rural spirit, as viewed by the presidents of these institutions, are graphically outlined in the January number of The Agricultural Gazette of Canada, published by the Department of Agriculture, at Ottawa.

Professor Reynolds, President of the Manitoba Agricultural College, considers the main function of the institution is to teach not only what good farming is, but also how to live in the country and make the country better to live in. He concludes his statement thus: "The present occasion emphasizes the fact that a man educated at the public expense at an agricultural college or elsewhere, must not turn his education solely to private profit, but is obliged therewith to serve the public."

It is said that the Dominion government will find it necessary to float another Victory loan this year.

TOWN OF CLARESHOLM

NOTICE

Applications will be received up to Tuesday, the 17th day of February, at the town office, Clareholm, for the position of Assessor for the Town for the year 1920. A fee of \$150.00 will be paid for the work.

Address all applications, stating qualifications, to the Secretary-Treasurer, Town of Clareholm.

CONTAGIOUS AND INFECTIOUS DISEASES, QUARANTINE, ETC.

Public Health Act, Par. 16. Whenever a householder ascertains or has reason to suspect that a person within his family or household is infected with any infectious disease, he shall within twelve hours, give notice in writing to the local Board of Health, and quarantine will be ordered as prescribed by the Act. For influenza the quarantine will be for one week, or longer if in the opinion of the Medical Health Officer required. Where children in a quarantined house are attending school, they must remain away from school for at least two weeks.

By order of the Board of Health.

Memorial of Appreciation

Following upon a very general feeling and desire expressed amongst the overseas officers, a meeting of representatives of the headquarters of the military forces from beyond the seas was held recently in London, England, at which it was decided to establish a permanent memorial of appreciation of the kindness and courtesy shown by the Royal Automobile Club to the officers who became guests of the Club as members of the Royal Club for Officers Beyond the Seas.

The Department of Militia and Defence has requested the General Officer Commanding to open a subscription list in Military District No. 13, and invite the attention of all officers of the C. E. F., who have been in England or in the French and Belgian theaters of war, and ask them to contribute to this fund. The subscription is limited to \$1.00 per officer.

The subscription list in Military District No. 13 will be closed on the 28th of February, and the amount collected forwarded to Militia Headquarters Ottawa for transmission to London. All cheques or money orders should be made payable to the order of the A. & C. M. C., M. D. No. 13, and sent to Headquarters Military District No. 13, The Armouries, Calgary, Alberta, and will be acknowledged.

A Western Favorite

It is said The Family Herald and Weekly Star of Montreal reaches over nine thousand homes in the four western provinces each week. There must be a reason for this. The reason is not hard to find. To farmers in this western country The Family Herald and Weekly Star is regarded as almost indispensable and each issue is worth to them more than the whole year's subscription price. It is the most wonderful production of a weekly newspaper, family magazine and agricultural journal.

Mark Twain of Canada

In the days when interesting people came to Canada to find it freshly interesting, there was one who could reveal the spirit of the land to them. He was the man of the C.P.R. It is said he put Major, Port of the United States out of business. Why? On a war-torn, some secure tour under that impressive guide—a C.E.F. man—Ham could transport you to Winnipeg and the details of the Rockies in all the comfort of a coach! Great people, beneath him to call them by their names. He has loaned matches to kings and potentates and autographed the gravestones of his admirers for ad-

ditional authors of best sellers. There did once seem to be a time when the truly great would not venture to come to Canada without first inquiring whether George Ham could receive them. He is said to have got so "fed up" with dukes and royal bodies that he did not mind, for a change, escorting untitled personalities of international fame. Many men whose signatures command imperious power would not think of forgetting to send him their Christmas cards than they would dream of neglecting a royal command. He is so very much persona grata with all kinds of people in Whov's Who, when he arrives in London the court circular has to be changed to publish the invitations issued in his honor. Now he has achieved the signal honor of an unpaid-for mention in the exclusive Morning Post. It feels curious to know that even the League of Nations he jeopardized the official existence of the C. P. R. It keeps his health and reveling in his life's spirit. The London paper says George Ham is the Mark Twain of Canada. It claims his sera are beyond comparison. He is not only a man of letters but a man of letters. He has been as generous with his humor as he has been a profitable acquaintance for professional journalists. As he never has pointed any of his brilliant quips he often laughs at them when he hears them on the stage, until he realizes that they were of his own making. You may have heard of the Cincinnati millionaire he took to Muskoka. While there the philanthropist was attacked by brigands from Toronto. The chief brigand later complained to the police that in the encounter his watch and chain had been stolen. It should be added that George Ham was not out with his Cincinnati chaperone when the watch and chain were stolen. Thousands of persons who have enjoyed seeing Canada have testified to how much their enjoyment was due to his kindly wit and indefatigable attention. They have paid tribute to the courtesies he knows so well how to extend in behalf of his railway. But perhaps one of the best tributes ever paid him is the innumerable happy memories of the railway which was a copy of verses by Mr. Neil Munro, the Scottish author, who sang how George Ham had "freighted laughter to his thousand miles," when acting as uncle, brother, father and grandfather to a party of British soldiers. They think in Britain that not to have known George Ham of the C. P. R. is to display ignorance of the Empire's resources.

MR. GEORGE HAM.

Big Developments in Evangeline's Land

The new Dominion Atlantic Railway Passenger Station at Bridgetown.

Not only is the Canadian Pacific Railway making a great stride ahead with the necessities of the times, and providing every modern improvement for the convenience and comfort of the public, but all its subsidiary lines are similarly progressive. The Dominion Atlantic Railway, with routes largely in the beautiful land of Evangeline, now owns and operates The Plaza Hotel at Dalby, providing first class accommodations for the large numbers of tourists who visit the district. A new night service between Halifax and Clareholm has recently been inaugurated. This night service leaves Clareholm on Monday mornings and Saturday evenings, and Halifax on Sunday mornings and Monday nights. This is the most important development since the through line of railway from Yarmouth to Halifax was opened up for traffic in 1917, since which carrying on a combined freight and passenger service, but only carloads of longer service, but only carloads of longer service, but only carloads of longer service.

When a trip of inspection over the new line was made at the end of November last, Mr. Grant Hall, vice-president of the C. P. R., expressed the desire to have the D.A.R. equipped in the near future with the latest in modern train equipment at present laid. He said that this work would probably be completed in the near future, and that the new line would be a most important development in the district. The new line would be a most important development in the district. The new line would be a most important development in the district.

The inside finish of the building is of a standard type, but the outside finish is of a more modern type. The building is of a standard type, but the outside finish is of a more modern type. The building is of a standard type, but the outside finish is of a more modern type.

opposite side of the track, was built by contract by J. L. Hicks & Sons, under the personal supervision of Mr. R. A. Hicks, of that firm, who has already built seven Dominion Atlantic Railway stations in the district. The building is of a standard type, but the outside finish is of a more modern type. The building is of a standard type, but the outside finish is of a more modern type.

R. S. Law Manager

"What Phonograph Shall I Buy?"

How many times, when the subject of purchasing a phonograph or talking machine has come up, have you asked yourself this question?

The Edison tone test answers it for you, completely, convincingly.

Over two million music lovers have been present when this test was being made; and they have realized, as you will realize, that the New Edison alone can actually re-create the human voice and the music of human-played instruments.

It is all-important that you hear

The NEW EDISON

"The Phonograph with a Soul"

because it is the only instrument that re-creates the singer's voice so faithfully that the human ear cannot distinguish the rendition of the artist from that of the New Edison.

The wise way to choose your phonograph is to have the several makes of phonographs and talking machines sent to your home on trial, where you can make direct comparisons among them, and then decide which one you would like to keep—which one you think you would enjoy hearing as much five years from now as you do to-day.

Be your own salesmen. Sell a phonograph to yourself. We will gladly send a New Edison to your home for the purpose, without obligation on your part.

O. L. Reinecke, - Claresholm, Alta.

You had better protect your family from the COAL SHORTAGE

Claresholm Local News

Mrs. Earl Atkinson is reported as seriously ill with pneumonia.

Mrs. Joe Green of Calgary is here for a week's visit with friends.

Mr. and Mrs. A. Boniface are spending a few days in Calgary this week.

J. M. Workman attended the Ford dealers' convention at Calgary this week.

Present at the funeral of the late Mr. Olsen were two ladies, one aged 96 and the other 87.

Word was received lately of the death of Miss Merle Williams who used to live in Claresholm.

David Moir, of Almonte, Ont., is here visiting at the home of his daughter, Mrs. Eric Moffatt.

Mr. and Mrs. J. W. Hallett left London, England, on February 12th. They are expected here about the 26th.

The marriage recently took place of Stanley Daley, of Granum, to Miss Vivian Webber, of Meadow Creek.

H. J. Duff moved the cottage which he recently purchased from L. Maxwell to his farm east of town on Tuesday last.

Mr. and Mrs. J. R. Watt are planning a trip to Scotland during next summer. They will probably be away four or five months.

If in need of glasses, see Dr. Mecklenburg, the eyesight specialist, who will be at the Queens Hotel, Claresholm, on Thursday March 4th.

Mr. Emery purchased 160 acres from Maurice Wall on Wednesday of this week. The land is situated west of town by Willow Creek.

C. M. Booth received a telegram on Sunday announcing the death of his mother at Toronto. He left Tuesday morning to attend the funeral.

Mr. Kinney, of Granum, has made a deal with W. D. Annable for the purchase of his stock and business. The stock is now being inventoried.

S. Ferguson purchased the old hospital from the town and removed it to his lot opposite the Presbyterian church. He intends fitting it up for a residence.

"Blind Husbands," bigger than "The Heart of Humanity," plays Calgary first time on February 9th; will be in Claresholm, at the Rex at an early date. Watch the Calgary papers.

Nels C. Olsen, for many years a resident here, died on February 9th, at the advanced age of 89 years. The funeral service was held in the Lutheran church on Wednesday afternoon at two o'clock.

A skating party consisting of a number of prominent ladies visited the rink last Tuesday night. Mrs. W. Knight and Mrs. C. W. Stewart surprised everyone with their exceptionally fine fancy skating.

A letter just received from Theo. Fredericksen, who was on his way to Rochester, stated that he had been held up by two snow storms. Cost of living, he stated, was higher than in Claresholm. Sugar was selling at 25 cents a pound and he had only tasted it twice in two weeks.

The changeable weather is responsible for a considerable number of bad colds, but it is doubtful if there is a case of real flu in Claresholm. If there are any cases they are of a mild character. At the Board of Health meeting this week it was decided that there is nothing in the situation to warrant the closing of the schools or otherwise putting on a ban. The Review believes the Board acted wisely in taking this stand.

The High River public schools were closed on Wednesday upon authority of the medical health officer, who deemed such a course advisable in view of the fact that one pupil, allegedly of the school very diligently while affected with the scarlet fever. The school will of necessity be closed for at least ten days in order to see if the disease has been spread among the other pupils.—High River Times.

Important Notice to Farmers of Southern Alberta

Owing to unfavorable weather conditions of last year, it is advisable that farmers should have their seed grain tested this spring for germinating vitality. Farmers of southern Alberta, south of the main line of the C. P. R., wishing to have seed grain tested, are requested to send a small sample to the School of Agriculture at Claresholm, Alberta, in care of the Principal. Each application will receive as prompt attention as possible.

Lutheran Services

Divine worship Sunday, Feb. 13th, at 11 o'clock in Claresholm and at 3 p.m. in the Clear Lake school.

Balfour Luther League meets at the Prairie Dell school on Sunday evening, Feb. 8th.

The Lutheran Y. P. C. will meet at the home of Mr. and Mrs. Nels Dahl on Friday, 8 p.m., February 13th.

A hearty welcome to these services.

H. G. Fatland, Pastor.

BUSINESS LOCALS

Brooms—A bunch of four-string brooms at 85 cents each in Fairbairn Bros.

Wanted—Maternity work. Address Box 314, Claresholm.

Wanted—A girl wants a situation, farm preferred. Inquire of T. Mydland, Claresholm. 2-p.

Feed for Sale—About 200 tons of oat bundles. Apply Lock Box 10, Fairbairn, Alberta. 49-c.

Girl Wanted—Girl for general housework; two in family; wages \$25.00 per month. Apply at Review-Advertiser office.

Dr. H. Mecklenburg, the eyesight specialist, will be at the Queen's Hotel, Claresholm, on Thursday, March 4th. Charges moderate; satisfaction guaranteed.

For Sale—McClary range, in first class shape, fitted with coal and gas burners. I well bred Holstein heifer, due to freshen in May. Owner leaving district. Apply to Jos. Bonner, Claresholm. 1-p.

For Sale—Mixed farm, about 800 acres, five miles west of town, at \$22.50 per acre, acre, \$4,000 down. Apply Box 214 Claresholm. 48-c.

We have several customers looking for land that can be bought with a small cash payment. If you have anything to sell call or phone Fraser & Peck.

Anyone needing green feed before the spring would do well to see Fraser & Peck. Arrangements are being made to secure some good dry feed that was stacked last fall.

Taking Action To Improve the Financial Situation

Ottawa.—Gradual reduction of Dominion notes in circulation, it is understood, is planned by the government as a means of improving the financial situation. The last returns issued by the finance department show that on January 19 there were Dominion notes in circulation amounting to \$181,600,000. They were secured in gold to the extent of \$14,821,062, and in approved securities, under the terms of the Finance Act of 1914, to the amount of \$154,237,000. The gold is therefore about 35 per cent. of the total issues.

At the end of the financial year total Dominion notes outstanding were \$298,038,607. Gold amounted to \$156,146,54, or 85 per cent. of the total issue, and of the Dominion notes outstanding, \$144,280,000 were secured by the deposit of approved securities.

The ratio of gold to note circulation, it is suggested, might be improved in two ways. "On the one hand, gold might be brought on shore, outstanding notes might be retired from time to time from the proceeds of loans or from revenues."

According to reports from London the British government is planning to reduce its note circulation by a hundred million dollars.

The situation which has arisen as a result of the breakdown in exchange continues to be a serious one. It is a situation that generally follows a war. During the civil war the gold value of American greenbacks dropped to 387 cents.

Finances of Count Hohenzollern

Protest Is Entered Against Plan to Restore Exile's Property

Berlin.—Efforts to have the fortune of former Emperor William be confiscated in a long editorial printed by the Vorwarts. The newspaper says this amounted to the half of a "man who ruined Germany." "The bill now before the Prussian diet represents a masterpiece of old Prussian efficiency," says the editorial, "for the financial status of Count Hohenzollern is placed on the basis of his right to property, while nothing is said as to his guilt on the political situation. It is his right, but to remember that the national situation gives the government the right to seize private fortunes."

Must Banish Ex-Kaiser

Sir Auckland Geddes Says Allies Will Put Former Emperor on Trial

London.—Sir Auckland Geddes, Minister of National Service and Reconstruction, speaking at Andover, said the government intended to put the former German Emperor on trial and carry out whatever penalty was provided. But, he added, if Holland definitely declared her intention on the basis of international law, to provide asylum for him within Dutch territory, then he must say the former ruler could not be extradited to her outside of Europe.

Many a bluff makes good by making a bluff at making good.

Famine Conditions In Petrograd Are Terrible

London.—Petrograd is described as a city suffering from famine, cold, disease and robbery, in a report just made by Professor Zolotarev, of the Russian Red Cross, who has investigated conditions in the capital.

"Owing to want of fuel, the capital is becoming a desert," he says. "A few houses only have been left open for the poor. The rest are closed. The population had not already accustomed itself to feeding on what people in normal circumstances never eat at all, they would have no food what ever."

"The water supply has stopped owing to the want of fuel, and the in-

Heavy Storm in North Atlantic

Sea Resorts Suffer Considerable Damage From Tremendous Waves

New York.—Heavy waves, rolled up by a southerly gale, have been sweeping the North Atlantic coast, and towns along the shore have been trying with indifferent success to dig themselves out of the deepest snow-drifts of years.

Damage done to the sea resorts and summer homes along the New Jersey and Long Island coasts was estimated at hundreds of thousands of dollars.

Shipping remained at anchor or moved with the utmost caution. In the landlocked waterways around New York huge ice floes menaced navigation.

The steamer Maine, of the New England Steamship Company, was driven ashore on the north end of Long Island, and four other small liners were reported creeping along through fields of ice.

Cold, snow, and ice seas have been almost impossible to transport coal from the tidewater rivers and harbors to New York, and the cities face a fuel famine.

While mountains seas were battering the coast, the highest tide ever recorded in New York harbor caused floods along the Hudson and Harlem rivers. Flooded ferry houses on the New York and New Jersey sides of the Hudson hampered still further transportation lines already struggling with deep snow.

Serious damage was done at Rockaway Beach, where two modern summer hotels, thirty longhouses, a forty-acre apartment house, a bath house and numerous small structures were washed into the sea. Traffic in the snow-drifted streets in New York declined to 15 per cent. of normal.

Former German Ships to be Sold

Vessels Must be Kept Under American Flag and Subject to Army Needs

Washington, D.C.—The United States has approved the sale of 30 former German passenger vessels, for which the shipping board recently received bids, and negotiations for the sales will proceed, Chairman Payne of the board announced.

To meet obligations to the War Department, which recently protested against the sale of certain of the liners as needed in its transport service, Mr. Payne said a clause would be inserted in the sale contracts specifically and emphatically keeping the vessels under the American flag and subject to the needs of the army in case of a national emergency.

To confer on Immigration Plans

London.—Commissioner Laund, of the Salvation Army, will arrive in Canada in a few days to confer on the government's immigration policy. The commissioner anticipates no difficulty in continuing Salvation Army plans, as the government scheme follows closely the lines laid down by the Salvation Army for its emigration work.

U.S. Manufacturers In Majority

Ottawa.—An interesting comparison of the number of outside manufacturing firms having branch factories in Canada has been compiled by the Canadian trade commission. This shows that while there are scarcely half a dozen British manufacturers with branch factories in this country, some 530 American manufacturers, whose products range from farm machinery and tractors to packing house products.

Set Point on Wrecks

Victoria, B.C.—The federal set point administrator, located at 16 per cent. to be the maximum profit for modern manufacturers. One firm that made a profit of \$1.85 a yard, made a profit of \$2.55, was given twenty-four hours to be the set point, and it is a set point, more than \$1.25 a yard, and pay their firm \$1.25 a yard.

Berlin.—The Zwettl Textile plant that Japan had insured to the German government that Dr. Selb, former secretary for the Zwettl, will not be persona grata, as Germany's representative at Tokyo. The Krenz Zeitung says that similar offers of insurance have been made regarding the appointment of Herr Laundberg.

Canadian Delegates Had Rough Journey

Arrived in Paris After Conference Had Been Adjourned Until March 2

Ottawa.—Canada's labor delegates to the Paris conference had a tedious trip across the Atlantic, which delayed their arrival until after the opening body of the International Labor Office had adjourned on January 28, to meet in London on March 2. F. A. Arnold, deputy minister of labor, has called to Senator Robertson that a number of important items on the Paris agenda had been held over to be taken up at the London meeting.

The Canadian delegates found that they would be unable to secure honorariums for at least forty days. Under these circumstances the Government has called Mr. Arnold to return over so that he can take part in the London meeting. It is understood that Tom Moore, president of the Canadian trades and labor congress, will also remain in England.

Another Excuse Offered

Hun Writer Says Sentencing of Ex-Kaiser Would Endanger Republic

Berlin.—Karl Kautsky, who investigated the causes leading to the war, says in the Berlin Volks Zeitung:

"The passing of sentence on Wilhelm (the former German emperor) before an army court would not alleviate the danger of a counter-revolution, but would add to it. Wilhelm would be made a martyr in the eyes of the German public, to whom he would appear as a victim of the revolution for his crime or that, but for being a German. His popularity would suddenly and so rapidly increase that he might become a dangerous personage, in opposition to the German republic."

Herr Kautsky is of the opinion that the sentence should not go beyond conceding Holland into appointing a residence for the former emperor on some island where conspiracies with his German friends would be very difficult.

Wilson Found Guilty

Former Member of R.N.W.M.P. Sentenced to Death for Murder

Saskatoon.—John Wilson, former member of the R.N.W.M.P., was found guilty of murdering his wife, Mary Wilson, by a jury in King's Court Bench here. Chief Justice Davidson immediately sentenced him to hang at the gallows at Fraser Hall on April 28.

The jury deliberated one hour and fifty minutes. On receiving the verdict, the juror said that Wilson, if he had anything to say, immediately his appearance of apathy, which has fastened the trial, and, jumping to his feet, he grunted the front of the docket and replied: "Yes, sir, I wish to protest against the low-down, dirty manner of the policy in taking advantage of my condition of mind and body to obtain confidential information from me."

Sentence was then pronounced and Wilson was hustled from the court, and was in his cell four minutes after the word "guilty" was uttered.

Wilson's counsel offered no defence. The prisoner was physically unable to stand the strain of going into the box, he told his Lordship.

G. T. Shareholders And the Government

Sir Alfred Smithers Convening Meeting to Ratify the Agreement

London.—Sir Alfred Smithers, chairman of the Grand Trunk Pacific Railway, is convening a meeting of shareholders for the 19th instant to ratify the agreement between his company and the Canadian government. He has issued a circular stating that the board of directors, after long and anxious consideration, unhesitatingly accepts acceptance of the agreement. The circular says:

"The state of railway finance and working brought about by the war shows features common to the United States, Great Britain and Canada, which the United States saved shareholders from loss by guaranteeing the companies an average income for three years. The British Government at the beginning of the war, saved the British shareholders by guaranteeing the income for 1914, but no such assistance was given by the Canadian Government to its railway shareholders."

"All through the negotiations the Canadian Government pressed the liabilities of the Grand Trunk for the Grand Trunk Pacific, which was the reason for acquiring the Grand Trunk on very moderate terms. It can be seen that state aid, leaving out all other considerations, the increase of rates, has greatly increased the value of the Grand Trunk. The Grand Trunk is now in a position in relation to the Grand Trunk. When the Government of Canada becomes the owner of the grand trunk, it will have the advantage of the Grand Trunk system, it can speedily bring such readjustment of rates as will have the effect of a fair return on the capital invested. The whole cause of the present difficulties of the Grand Trunk is its being required to carry on an increasing business under the present phenomenal operating costs, without corresponding increase in rates, and that condition cannot be altered until the railway commission will allow an adequate increase."

Help For Vienna Children

Italian Trains Arrive To Take Away Those In Need for Remainder of Winter

Vienna.—An Italian train has just arrived to take 2,500 children of Vienna to Milan for the remainder of the winter. The train brought several cases of badly needed Red Cross supplies.

The departure of these children completes the tenth consignment sent to Italy to be received in the winter. Virtually all the towns of Northern Italy have expressed willingness to receive some of the children in families, free of charge. Only lack of transportation facilities prevent a wholesale exodus of children from Vienna to Italy.

Thousands of children, too feeble to undertake the long journey, have been gathered in in hospitals, where they will benefit greatly by the medical supplies just arrived.

Condensers Present Dental System

Chicago.—The American Academy of Dental Science condemned gold crowns on teeth as unsanitary and conduits of disease. The organization also condemned the removal of nerves from decayed teeth preparatory to filling.

One delegate declared the present methods of extracting teeth need to be changed. Extractions in cases of persons over 30 years of age should be made in hospitals with the same treatment accorded other operations, he said.

Saw Socialism Spit on Flag

Albany.—A sensation was sprung at the trial of five suspended Socialist workmen here, when Ellen B. Chivers, a girl of 18, testified that she had seen Charles Solomon, one of the defendants in the United States flag during the war. She had, she said, volunteered her evidence as the duty of an American. "I would not let you wipe your dirty feet on my platform," was another remark attributed to Solomon.

Aldermans For Alberta

Calgary.—The Canadian Air Board will establish two Aldermans in Alberta, one in Calgary with 12 mobile jacks and one at Peace River Crossing. The Aldermans are to be used for instruction in the use of mobile jacks and one at Peace River Crossing. The Aldermans are to be used for instruction in the use of mobile jacks and one at Peace River Crossing.

Offer Award for Flu Cure

Denver, Colo.—The Denver Post announces it will pay \$25,000 to the physician finding a cure for influenza. The money is to be paid after the cure has been approved by the Rockefeller Foundation and the John Hopkins University, Baltimore.

Plan Opening of New Parliament Buildings Soon

To Build Official War Memorial For Canada

Will Take Form of Museum, Which Will Likely Be Located at Ottawa

Ottawa.—Canada's official war memorial will take the form of a museum, which probably will be erected in Ottawa, in which will be housed the war trophies belonging to the Canadian forces. At a meeting held here, resolutions were adopted unanimously recommending that there be built for this purpose "a monumental museum containing such other elements as may be necessary to give full expression to national feeling; and as an expression of the sacrifice of the dead and the greatness of our national effort."

The architect for the memorial will be chosen in a competition open to Canadian architects, and the working out of the project is placed in the hands of the Royal Architectural Institute of Canada, the Royal Academy, and the Town Planning Institute of Canada, and the chairman of the Advisory Arts Council.

The name of the commission will be the "National Memorial Commission, the opening of the first session in the new buildings, and it was, therefore, arranged as outlined.

Their members will serve without remuneration.

India's Industrial Development

Lord Chelmsford Outlines Plan Before the Opening of the Legislature

Delhi, India.—In opening the legislative council, the Viceroy, Lord Chelmsford, outlined the steps which were being taken to enable the government to play an active part in the industrial development of the country. He stated that the Secretary of State for India had sanctioned the creation of a central authority with a view to establishing co-operation with the provincial governments, also the establishment of scientific services and the institution of a department for the purchase of government stores.

A committee, he said had been appointed to advise upon the organization of chemical services, and the deal with raw materials under the chairmanship of Dr. Jocelyn Field House, the eminent English chemist. Another committee had been appointed to scrutinize government industries, with a view to their execution in India.

The committee board would work out the remainder of the industrial program's specific proposals, thus laying the foundation of a new department of industries.

List of Huns Wanted by Allies For War Crimes

Belin.—Baron von Kurt Lersner, the accused German spy, is the master of civilians at Aerschott, Field-Marshal Von Mackensen with the pillars in Romania; Baron Von Dietrich, the German government of Cadix; Charles Fryatt, the British sea captain executed by the Germans, and Miss Emma Cavell, the English nurse shot by the Germans.

Baron Von Lersner, it is explained, was referred to his own request. The more of the sentence concerning the surrender of accused Germans was handed Baron von Lersner on Tuesday, and the German representative, who has received last formal instructions simply to transmit to the minister of foreign affairs, returned to Berlin.

To Build Official War Memorial For Canada

Will Take Form of Museum, Which Will Likely Be Located at Ottawa

Ottawa.—The ceremony of the formal opening of parliament in the new buildings will take place on February 26 in the Commons chamber. This has been decided upon by the cabinet, and arrangement of the details has been carried out. The Commons Chamber will be ready for occupation by that time. It is stated, but the Senate chamber will not be ready this year. Therefore, the Senate will first meet in the Commons chamber, while the Commons will meet in the railway committee room, which is later to be used by the Senate while the upper chamber is waiting for the completion of its permanent quarters.

On receiving the summons from the gracious labor of Mr. Black Rod, the members of the House of Commons will go from the railway committee room to the Commons chamber. There the senators will be in waiting, and there the formal opening ceremony will take place and the speech from the throne will be delivered.

Afterwards the Senate will vacate the Commons chamber, and the lower house will take their places.

Following the formal opening, the ex-officio members of the Government-Grand and the Duchess of Devonshire will hold a reception between the hours of 4.30 and 5 o'clock.

Most of the members' and senators' rooms are already completed, and some of the officials of the House are already having their effects moved into the new quarters.

Sir George Foster, acting premier, commencing the new session, said that the building would be sufficiently completed to allow of the opening taking place as planned without further delay. In the meantime, all efforts are being turned to completing the essential portions of the building.

Although only certain parts of the building will be completed in time for the formal opening, it was thought by the cabinet that there should be some formally attached to the opening of the first session in the new buildings, and it was, therefore, arranged as outlined.
